## ISBM

**About ISBM :** ISBM was established in 1992 by a well known NGO Aeren Foundation. It is also ranked among the top ten International B-Schools that provide management courses through correspondence. ISBM has over 100 specializations and management courses to choose from ISBM is an NGO working its way to reaching towards people in the most distant corners of not only India but world in providing Correspondence courses in management field, with specially designed courses for working professionals; from Diploma in management courses to the Doctorate and Laureate level.

### Case study :

ISBM has many centres across India and growing, They required a platform that can not only deliver learning fast but can also double up as a platform for organization-wide skill assessment, training needs analysis, knowledge management, data maintenance, centralized reports, and scale to their growing needs. Serosoft's Academia provided them all the flexibility which they need to make that happen.

Academia's comprehensive feature set covers all the basic administrative requirements of ISBM, such as Student Profiles, Fee Management, Exams Management, Centre Management etc, and adds such state of the art features as biometrics-based attendance management, comprehensive inventory, payroll and financial accounting, timetabling, integrated email, and certificate generation among others.
