مدرسـة التفـاحـة العـالميـة
The Apple International School

March, 2011.

We Recommend Serosoft:

We have been associated with Serosoft as one of our software solution providers for our School. They have implemented Webguru and other related services for the benefit of our students and for interaction between Teachers, Students and Parents. It is in operation successfully and we have an understanding for a long term use of their services.

We found the team behind the company is most professional, dynamic and approachable whenever in need.The training imparted by them to our teachers and staff is very useful for the product understanding which also made the day to day use easier. We thought the after sale service is one of the most outstanding aspect in our association and the team is very cooperative in giving us solutions as and when required. Their frequent visits to our campus made easier for us to interact with them w.r.t our future requirements.

We have no hesitation whatsoever to recommend Serosoft Solutions Pvt.Ltd for your IT services and software products.

For Apple International School, Dubai, UAE.
