

Singapore Intercultural School, Indonesia

"We have implemented Academia ERP in 7 of our schools and we can proudly say that it was the right decision for us. Serosoft has a "can do" attitude and was extraordinarily patient with us as we dived in, not necessarily knowing, in the beginning, exactly what we wanted in every aspect of the ERP.

- Andrew Paterson (M.Ed.)

Director of Schools, Singapore Group of Schools (Indonesia)

Pressing Challenges

Solution by Academia

- Timely generation of e grade books and semester reports, based on different formats.
- Lack of centralized integrated provision to record students' medical and behavioral records.
- Decentralized administrative processes for multiple campuses.
- Lack of custom reporting & analysis in administrative management.
- Trouble in capturing & managing day wise and subject wise attendance of 2300 students.
- Cumbersome paperwork & manual attendance reports generation for six locations.
- Standardized grade sheets & semester reports with flexible features.
- Counseling Management, Clinic Management for students' records.
- Detailed module to cover all the administrative tasks.
- Smart dashboard reports with visual analytics for faster decision making.
- Teacher-based attendance configuration for schools across six locations. Provision for class-teachers and subject teachers to mark day-wise attendance.
- Standard automated class-wise, day-wise, and subject-wise attendance reporting across all locations.

Approximately 35000 Invoices generated

18000 + Receipts created

Institution Profile

SIS was established in 1996 with the support of the Singapore government and Raffles Institution. SIS subscribes to the Singapore education system because of its disciplined approach to educational pedagogy. It is also responsive to changes in the world. It ranks number one in the world, based on the latest PISA rankings. The organization has schools in almost all major cities in Indonesia and the region.

About Academia

Academia is a leading-edge Student Information System / ERP developed to cater to the needs of 21st century educational institutions. With Academia, all departments, functions, and processes get automated, which leads to better transparency, efficiency, and productivity. The system covers complete student life cycle from Admission to Graduation, along with administrative processes.
